TechGap System Evaluation Questionnaire

Faculty and Academic Administrators

ISO reference: ISO/IEC 25010 — Product quality model.

This questionnaire adapts selected ISO software-quality criteria. It does not assess every ISO characteristic or establish full ISO compliance. Perceived usefulness and decision-making support are additional study-specific criteria.

Data Privacy Statement and Participation

Please read this page before completing the questionnaire.

Purpose

The CICS research team is evaluating TechGap, a decision-support system that compares CICS course skills with skills found in a processed JobStreet dataset. It provides curriculum review and student career-planning results. Your answers will help evaluate the system.

Information requested

This form asks for your respondent group and limited academic demographics, your ratings, and optional comments. It does not ask for your name or student number. Please do not include identifying details in comments.

Use and access

Your responses will be used for this thesis evaluation and handled confidentially by the research team. Findings may be summarized by respondent group in the thesis and shared with authorized academic reviewers. TechGap outputs are advisory.

Your choice

Participation is voluntary. You may skip an item or stop before submitting, without any effect on grades, academic standing, employment, or institutional standing. Depending on the survey settings, a submitted response may not be identifiable for later removal.

Questions

You may contact us before participating if you have questions.

Alvarado, Silver Aldren A. | asa0458@dlsud.edu.ph
Billones, John Rey F. | bjf0073@dlsud.edu.ph
Cuchado, Rosh Evander B. | crb0236@dlsud.edu.ph

Response retention period: During the thesis period only

Responses will be handled in accordance with the Data Privacy Act of 2012 (Republic Act No. 10173) and the research protocol.

Consent to participate

( ) I have read this statement and voluntarily agree to answer this survey.

( ) I do not agree to participate. I will not proceed to the next page.

This privacy statement accompanies the study's separate informed-consent document and does not replace it.

Respondent Information

Faculty and Academic Administrators

Select one response for each question unless otherwise indicated. Do not provide your name or student number.

1. What is your current academic role?

( ) Faculty member / professor

( ) Department chair

( ) Associate dean

( ) Dean

( ) Other academic role: _____

2. Which program or specialization track did you review in TechGap?

( ) BS Computer Science - Intelligent Systems

( ) BS Computer Science - Game Development

( ) BS Information Technology - Network Technology

( ) BS Information Technology - Web Development

3. How many years have you been involved in teaching, academic administration, or curriculum review?

( ) Less than 1 year ( ) 1-5 years ( ) 6-10 years ( ) More than 10 years

Part I Functionality Evaluation

Faculty and Academic Administrators

After examining and using the relevant TechGap features, indicate your level of agreement with each statement based on your experience during the evaluation.

Response scale: 5 Strongly agree; 4 Agree; 3 Neutral; 2 Disagree; 1 Strongly disagree; N/A Unable to assess.

Select one response per statement. Select N/A if the feature was not examined or there is insufficient information to assess the statement. Any item may be left unanswered.

Curriculum Alignment Analysis

CA1. The alignment summary presents the relationship between the selected curriculum track and skill requirements identified in the analyzed JobStreet dataset.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

CA2. The displayed curriculum coverage summary connects skill classifications with curriculum content for the selected track.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

CA3. The displayed JobStreet skill summary presents industry requirements associated with the selected track.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

CA4. The system clearly identifies the curriculum track to which each displayed alignment result applies.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

CA5. The alignment analysis allows the user to view curriculum coverage and industry skill information for the same selected track.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

Part I Functionality Evaluation

Faculty and Academic Administrators

After examining and using the relevant TechGap features, indicate your level of agreement with each statement based on your experience during the evaluation.

Response scale: 5 Strongly agree; 4 Agree; 3 Neutral; 2 Disagree; 1 Strongly disagree; N/A Unable to assess.

Select one response per statement. Select N/A if you did not perform the activity or lack sufficient information to assess it. Any item may be left unanswered.

Gap and Obsolescence Reports

GO1. The gap report distinguishes skills covered by the curriculum from possible missing competencies.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

GO2. The report presents the priority of identified gaps in relation to the demand represented in the analyzed dataset.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

GO3. The report identifies curriculum topics with low demand in the analyzed dataset for further academic review.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

GO4. The report provides information that explains why a skill or topic is identified as a possible gap or low-demand topic.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

GO5. The system presents gap and obsolescence results for the selected curriculum track.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

Part I Functionality Evaluation

Faculty and Academic Administrators

After examining and using the relevant TechGap features, indicate your level of agreement with each statement based on your experience during the evaluation.

Response scale: 5 Strongly agree; 4 Agree; 3 Neutral; 2 Disagree; 1 Strongly disagree; N/A Unable to assess.

Select one response per statement. Select N/A if you did not perform the activity or lack sufficient information to assess it. Any item may be left unanswered.

Curriculum Recommendations

CR1. The recommendations identify course-related areas where additional technical skills may be considered.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

CR2. The explanations accompanying the recommendations connect the proposed enhancements with the identified gaps.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

CR3. The recommendations are presented as possible additions or enhancements to the existing curriculum.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

CR4. The recommendations identify the course or curriculum area related to each proposed enhancement.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

CR5. The system presents recommendations in a format that allows the identified gaps to be reviewed alongside the proposed enhancements.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

Part I Functionality Evaluation

Faculty and Academic Administrators

After examining and using the relevant TechGap features, indicate your level of agreement with each statement based on your experience during the evaluation.

Response scale: 5 Strongly agree; 4 Agree; 3 Neutral; 2 Disagree; 1 Strongly disagree; N/A Unable to assess.

Select one response per statement. Select N/A if you did not perform the activity or lack sufficient information to assess it. Any item may be left unanswered.

Generated Reports for Academic Review

GR1. The generated report consolidates the alignment findings, identified gaps, and curriculum recommendations.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

GR2. The generated report includes summarized analysis findings that can be examined during academic review.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

GR3. The printable report presents the findings in a format suitable for curriculum review discussions.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

GR4. The generated report includes the selected curriculum track information needed to identify the analysis being reported.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

GR5. The generated report allows the analysis findings to be retained or shared for further academic review.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

Part II General System Evaluation

Faculty and Academic Administrators

A. Selected ISO-Informed Quality Criteria

Functional Accuracy

Assess the following aspects of TechGap based on your overall experience during the system evaluation.

Response scale: 5 Strongly agree; 4 Agree; 3 Neutral; 2 Disagree; 1 Strongly disagree; N/A Unable to assess.

Select N/A if you did not perform the activity or lack sufficient information to assess an item.

Base these ratings on the consistency of the displayed results with your selections and with other displayed summaries. You are not expected to verify individual job postings.

FA1. The displayed results reflect the curriculum track selected for the analysis.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

FA2. The displayed curriculum coverage and possible gap classifications are consistent with one another.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

FA3. The displayed alignment score is consistent with the coverage information shown for the selected track.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

FA4. The displayed results update to reflect a change in the selected curriculum track.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

FA5. The explanations provided by the system correspond to the displayed results.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

Part II General System Evaluation

Faculty and Academic Administrators

A. Selected ISO-Informed Quality Criteria

Performance Efficiency

Assess the following aspects of TechGap based on your overall experience during the system evaluation.

Response scale: 5 Strongly agree; 4 Agree; 3 Neutral; 2 Disagree; 1 Strongly disagree; N/A Unable to assess.

Select N/A if you did not perform the activity or lack sufficient information to assess an item.

PE1. The system responds to curriculum track selections within an acceptable time.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

PE2. The alignment dashboard is displayed within an acceptable time.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

PE3. The skill gap results are displayed within an acceptable time.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

PE4. The curriculum report is generated within an acceptable time.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

PE5. The system permits completion of the evaluation activities I performed without excessive processing delays.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

Part II General System Evaluation

Faculty and Academic Administrators

A. Selected ISO-Informed Quality Criteria

Reliability

Assess the following aspects of TechGap based on your overall experience during the system evaluation.

Response scale: 5 Strongly agree; 4 Agree; 3 Neutral; 2 Disagree; 1 Strongly disagree; N/A Unable to assess.

Select N/A if you did not perform the activity or lack sufficient information to assess an item.

RE1. The system remains operational throughout the evaluation activities I performed.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

RE2. When I repeat an analysis using the same track and dataset, the system completes the analysis without failing.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

RE3. The system retains the selected track while I navigate between related views.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

RE4. Report generation completes without a system crash or unexpected interruption.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

RE5. If an operation failed, I could retry it and continue using the system.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

Part II General System Evaluation

Faculty and Academic Administrators

A. Selected ISO-Informed Quality Criteria

Usability

Assess the following aspects of TechGap based on your overall experience during the system evaluation.

Response scale: 5 Strongly agree; 4 Agree; 3 Neutral; 2 Disagree; 1 Strongly disagree; N/A Unable to assess.

Select N/A if you did not perform the activity or lack sufficient information to assess an item.

US1. The instructions clearly explain how to perform the required activities.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

US2. The organization of the interface makes the required features easy to locate.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

US3. The terminology used in the system is understandable.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

US4. The visual presentation makes the analysis results easy to interpret.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

US5. The navigation allows movement between related analysis results without confusion.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

Part II General System Evaluation

Faculty and Academic Administrators

B. Additional Study-Specific Criteria

Perceived Usefulness

Assess the following aspects of TechGap based on your overall experience during the system evaluation.

Response scale: 5 Strongly agree; 4 Agree; 3 Neutral; 2 Disagree; 1 Strongly disagree; N/A Unable to assess.

Select N/A if you did not perform the activity or lack sufficient information to assess an item.

PU1. The system is useful for consolidating analysis findings for curriculum review.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

PU2. The system is useful for identifying curriculum topics that warrant further examination.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

PU3. The system is useful for recognizing industry skill requirements that may need additional curriculum coverage.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

PU4. The system is useful for presenting alignment findings during curriculum discussions.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

PU5. The system is useful for preparing documentation for academic review.
( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

Part II General System Evaluation

Faculty and Academic Administrators

B. Additional Study-Specific Criteria

Decision Making Support

Assess the following aspects of TechGap based on your overall experience during the system evaluation.

Response scale: 5 Strongly agree; 4 Agree; 3 Neutral; 2 Disagree; 1 Strongly disagree; N/A Unable to assess.

Select N/A if you did not perform the activity or lack sufficient information to assess an item.

DS1. The displayed alignment findings support consideration of whether curriculum revisions are necessary.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

DS2. The priority of identified gaps supports the selection of areas for further curriculum review.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

DS3. The recommendations provide a basis for considering possible curriculum enhancements.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

DS4. The displayed explanations allow proposed enhancements to be considered in relation to the analysis findings.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

DS5. The system provides advisory information that supports the final judgment of academic stakeholders.

( ) 5 ( ) 4 ( ) 3 ( ) 2 ( ) 1 ( ) N/A

Part III Open-Ended Feedback

Faculty and Academic Administrators

What comments or suggestions do you have for improving TechGap? (Optional)

_____

_____

How did specific findings in TechGap help or hinder your consideration of a curriculum area for further review? Please describe the finding and any additional information you need. (Optional)
