VISION

A leading Catholic university that inspires excellence and drives innovation toward a just, peaceful, and sustainable society.

MISSION

To champion the Human and Christian Education of lifelong learners who value history and culture through responsive and inclusive academic, research, and extension programs.

COURSE DESCRIPTION:

This course, the Internet of Things, IoT, describes a growing industry of digital technology being harnessed to the Internet in ways that will improve the lives of every person on this planet. It provides an overview of key concepts and challenges related to digital transformation. The course examines the evolution of the Internet and how the interconnection of people, processes, data and things is transforming every industry.

The introduction to the Internet of Things course explains what the IoT is, what it does, how it is part of digital transformation, and how students can become part of this. Moreover, students will also learn about the exponential increase of intelligent devices connected to the Internet and will learn to program one of these intelligent devices. The course explains artificial intelligence and the impact of automation on our future. Lastly, students will understand the increased importance of privacy and security.

LEARNING PLAN:

Learning Outcomes for Midterm Period

Course Learning Outcomes	Topic Learning Outcomes
CLO1. Explain the meaning and impact of digital transformation.	• TLO1. Understand the concept of digital transformation. • TLO2. Identify devices that connect to the IoT
CLO2. Apply basic programming to support IoT devices.	• TLO3. Apply basic programming to support IoT devices. • TLO4. Transforming ideas into prototypes
CLO3. Examine how data provides value to digital business and society.	• TLO5. Understanding everything about big data.
CLO7. Demonstrate 21st century skills in all learning activities.	• *Collaboration, Skilled Communication, Knowledge Construction, Self-Regulation, Real-World Problem-Solving, Use of ICT (not part of topic, but integrated in assessments)*

Module No and Learning Outcome(s)	**Date**	**Teaching-Learning Activities/Assessment Strategy**	**Technology Enabler**	**Onsite**	**Asynch**	**Allotted Hours**
Module 0	Week 1 (Aug. 19-Aug. 24	• Gospel Reading, Reflection & Prayer • Presentation of **Module 0:** Course Introduction • Activity : "Student Bingo: Get to Know Your Classmates"	Schoolbook, Canva, MS Forms	/		2
Module 1 TLO 1 TLO 2 CLO 1 CLO 7	Week 2 (Aug. 26 - Aug. 31)	• Gospel Reading, Reflection & Prayer • Warm-Up Activity/ Class Participation via Game-based learning platform • Presentation of **Module 1:** Everything is Connected • Activity: Advantages and disadvantages of IoT Devices	Schoolbook Canva, Kahoot!	/		2
	Week 3 (Sept. 2 - Sept. 7)	• Gospel Reading, Reflection & Prayer • Module 1 Enabling Assessment – IoT Scavenger Hunt: Discovering the Connected World – Dropbox Assessment			/	2
Module 2 TLO 3 TLO 4 CLO 2 CLO 7	Week 4 (Sept. 9 - Sept. 14)	• Gospel Reading, Reflection & Prayer • Warm-Up Activity/ Class Participation via Game-based learning platform • Presentation of **Module 2:** Everything becomes Programmable • Enabling assessment: Short Quiz on Chapter 2 – Quiz Assessment	Schoolbook Canva, Quizizz	/		2

	Week 5 (Sept. 16-Sept. 21)	• Gospel Reading, Reflection & Prayer • Module 2 Enabling Assessment – Group Activity - Designing and planning IoT projects -Team Assessment			/	2
Module 3 TLO 5 TLO 6 CLO 3 CLO 4 CLO 7	Week 6 (Sept. 23 - Sept. 28)	• Gospel Reading, Reflection & Prayer • Warm-Up Activity/ Class Participation via Game-based learning platform • Presentation of **Module 3:** Everything Generates Data	Schoolbook Canva, Wooclap	/		2
	Week 7 (Sept. 30 - Oct. 5)	• Gospel Reading, Reflection & Prayer • Module 3 Enabling Assessment - Data Generation in the IoT Ecosystem -Team Assessment			/	2
	Week 8 (Oct. 7 - Oct. 12)	• Review / Consultation			/	2
Module 1 to 3	*Week 9 (Oct. 14 - Oct. 19)*	• Summative Assessment		/		2
			TOTAL	**10**	**8**	**18**

Learning Outcomes for Final Period

Course Learning Outcomes	Topic Learning Outcomes
CLO4. Explore the benefits of automation in the digitized world.	• TLO6. Identify everything that can be automated.
CLO5. Distinguish the need for security in the digitized world.	• TLO7. Recognize and understand the importance of security in the digitized world
CLO6. Evaluate opportunities provided by digital transformation.	• TLO8. Recognize educational and business opportunities.
CLO7. Demonstrate 21st century skills in all learning activities.	• *Collaboration, Skilled Communication, Knowledge Construction, Self-Regulation, Real-World Problem-Solving, Use of ICT (not part of topic, but integrated in assessments)*

Module No and Learning Outcome(s)	**Date**	**Teaching-Learning Activities/Assessment Strategy**	**Technology Enabler**	**Onsite**	**Asynch**	**Allotted Hours**

Module 4 TLO 5 TLO 6 CLO 3 CLO 4 CLO 7	Week 10 (Oct. 21 - Oct. 26)	• Gospel Reading, Reflection & Prayer • Warm-Up Activity/ Class Participation via Game-based learning platform • Presentation of **Module 4**: Everything Can be Automated. • Activity: Automating Everyday Events	Schoolbook Canva, Kahoot!	/		2
	Week 11 (Oct 28 - Nov. 2)	• Gospel Reading, Reflection & Prayer • *Independent Learning Week*			/	2
Module 5 TLO 7 TLO 8 CLO 5 CLO 6 CLO 7	Week 12 (Nov. 4 - Nov. 9)	• Gospel Reading, Reflection & Prayer • Module 4 Enabling Assessment - Kinds of Security – Essay Assessment	Schoolbook Canva, Quizizz		/	2
	Week 13 (Nov. 11 - Nov. 16)	• Gospel Reading, Reflection & Prayer • Warm-Up Activity/ Class Participation via Game-based learning platform • Presentation of **Module 5: Everything** needs to be Secured. • Activity: Types of Data		/		2
Module 6 TLO 6 TLO 7 TLO 8 TLO 9 CLO 3 CLO 4 CLO 5 CLO 6	Week 14 (Nov. 18 - 23)	• Gospel Reading, Reflection & Prayer • Warm-Up Activity/ Class Participation via Game-based learning platform • Presentation of **Module 6:** Educational and Business Opportunities • Activity: IoT Related Job and Opportunities	Schoolbook Canva, MS Forms	/		2
	Week 15 (Nov. 25 - Nov. 30)	• Gospel Reading, Reflection & Prayer • Self-paced reading on Intent-Based Networking • Final output instruction/ Brainstorming of Output per group			/	2
	Week 16 *Dec. 2 - Dec. 7)	• Gospel Reading, Reflection & Prayer • Preparation time/ Consultation (if able and willing)			/	2
	Week 17 (Dec. 9 - Dec. 14)	• Gospel Reading, Reflection & Prayer • Final Output Presentation Batch 1 (Summative Assessment 2)		/		2

	Week 18 (Dec. 16 - Dec.18)	• Gospel Reading, Reflection & Prayer • Final Output Presentation Batch 2 (Summative Assessment 2)		/		1
			TOTAL	**10**	**8**	**18**

GRADING SYSTEM:

Midterm

Class Participation	20%
Enabling Assessment	50%
Summative Assessment	30%
Total	***100%***

Finals

Class Participation	20%
Enabling Assessment	50%
Summative Assessment	30%
Total	***100%***

Overall Final Grade = $\frac{\text{Midterm + Final}}{2}$

COURSE POLICIES AND REQUIREMENTS:

1. This course follows the Traditional Blended Learning Modality. There will be 50% onsite and 50% asynchronous.

2. Enrollment in an E-Class. The Center for Innovative Learning Programs (CILP) shall enroll you in the e-class. This will be based on the class list provided by the Office of the University Registrar and at the portal.

3. Communication and Feedback
    a. Onsite classes shall happen as indicated in the learning plan section of the syllabus. Fifty percent (50%) of the weekly classes is delivered face-to-face while the remaining is asynchronous.
    b. Online Asynchronous Communication shall happen when the faculty utilizes at least one of the recommended asynchronous communications. The minimum response time for asynchronous communication is 48 hours, excluding Sundays and holidays. All communication platforms must be explicitly indicated in the syllabus. Below are the recommended asynchronous communication platforms:

i. Forum – at the Forum Tab at Schoolbook, students can post their general concerns. The forum is public, and any post can be seen by the class.
ii. Messaging – at Schoolbook. Any private or confidential matters may be messaged through the Schoolbook messaging feature.
iii. Email – you may email your professor. (Professor's email will be given during the course orientation)

c. No use of foul, curse, and other inappropriate words, whether written or verbal. No shouting. No flooding of chat and messages. No selling.

4. Attendance Policy
   a. Attendance Policy for Onsite Classes is scheduled based on the learning plan. A maximum of 20% for class participation/recitation/attendance shall be allotted for the student's grade.
   b. The onsite meeting will only be held at the schedule indicated in the registration form.
   c. Students are required to attend onsite classes, 40% of absence (from onsite classes) for the entire semester means 0.0 final grade.

5. Intellectual Property Policy
   a. Policy and copyright infringement will not be tolerated. Any violation of such will earn students a grade of zero in the assessment.
   b. Using any illegally obtained software is strictly prohibited.
   c. Students are encouraged to use their original photos, videos, and other resources. Otherwise, students can use royalty-free resources or embed the sources in their submissions to avoid copyright infringement and/or plagiarism.
   d. Giving of passwords to Schoolbook and Microsoft 365 is prohibited. Likewise, accessing Schoolbook and Microsoft 365 accounts other than the students' personal account is also strictly prohibited. Violating students will be reported to the Student Welfare and Formation Office (SWAFO).

6. Other Policies
   a. Attire - students must wear the prescribed uniform, decent casual or busimess attire prescribed by the Student Handbook.
   b. Students must be honest at all times; cheating and plagiarism in any form will merit a grade of 0.00.
   c. Cellular/Mobile phones should always be in silent mode during class hours; the use of cellular phones is prohibited in class unless special permission is sought. Cellular phones also cannot be used as calculators during examinations.
   d. Any complaints against the teacher or against classmates should be properly addressed to the subject teacher for appropriate action. Students may seek the help and guidance of their academic/registration adviser in resolving the issue with the subject teacher when such mediation is needed.
