## VISION
A leading Catholic university that inspires excellence and drives innovation toward a just, peaceful, and sustainable society.

## MISSION
To champion the Human and Christian Education of lifelong learners who value history and culture through responsive and inclusive academic, research, and extension programs.

## COURSE DESCRIPTION:

This course provides introduction to mobile application development for Android Platform. Android is a mobile operating system based on a modified version of the Linux kernel and other open source software, designed primarily for touchscreen mobile devices such as smartphones and tablets. It also explains mobile enterprise and involves many different things, but the key feature is the use of a mobile device such as a smartphone or a tablet in performing tasks.

Moreover, students will also learn about designing User Interface, user experience and deploying to actual device. Lastly, students will understand the increased importance of mobile application

development and includes discussions on principles, themes methodologies, and development techniques of information systems. Also discussed are security, privacy, ethical issues, tools and toolsets of information system.

**COURSE LEARNING OUTCOMES:**

By the end of this course, students can:

CLO1. explore native Android mobile application environment using latest android studio;

CLO2. understand mobile application concept by dealing client-based case study;

CLO3. implement Object Oriented way of programming;

CLO4. design and manage mobile application using Model, View and Control;

CLO5. develop and deploy complete mobile application using both emulator and real android devices for pilot testing; and

CLO6. demonstrate 21st century skills in all learning activities.

**LEARNING PLAN:**

**Learning Outcomes for Midterm Period**

| Course Learning Outcomes | Topic Learning Outcomes |
|---|---|
| CLO1.Explore native Android mobile application environment using latest android studio. | TLO1. Install and explore the features of Android Studio.<br>TLO2. Obtain tools in developing mobile application Project. |
| CLO2. Understand mobile application concept by dealing client-based case study. | TLO3. Apply basic android controls.<br>TLO4. Review the basic controls structures. |
| CLO3. Implement Object Oriented way of programming. | TLO5. Design and deploy mobile application using emulator.<br>TLO6. Test correctness of the mobile application.<br>TLO7. Evaluate User Interface and User experience (UI/UX). |

| Module No and Learning Outcomes | Week | Teaching-Learning Activities/Assessment Strategy | Technology Enabler | Allotted Hours |
|---|---|---|---|---|
| Module 0 | **Week 1**<br>Aug 19-24 | • Gospel Reading, Reflection and Prayer<br>• Discussion of Course Syllabus<br>**Module 0: Course Introduction**<br>• Enabling Assessment: (Research on the history of Android and Mobile application) | Schoolbook, PowerPoint | 3 |
| Module 1<br>CLO1<br>TLO1<br>TLO2 | **Week 2**<br>Aug 26-31 | • Gospel Reading, Reflection and Prayer<br>• Discussion of: **Module 1: Introduction to Mobile application**<br>• Enabling Assessment: (A 20-item Laboratory Activity about the basic of Android Programming) | Schoolbook, PowerPoint, Android Studio | 3 |
| Module 1<br>CLO1<br>TLO1<br>TLO2 | **Week 3**<br>Sept 2-7 | • Gospel Reading, Reflection and Prayer<br>• Discussion of: **Module 2: Introduction to basic controls**<br>Enabling Assessment: (A 20-item Laboratory Activity about the basic controls of Android Programming) | Schoolbook, PowerPoint, Android Studio | 3 |
| Module 2<br>CLO2<br>TLO2<br>TLO3<br>TLO4 | **Week 4**<br>Sept 9-14 | • Gospel Reading, Reflection and Prayer<br>• Enabling Assessment: (A 20-item Laboratory Activity about android controls code behind) | Schoolbook, PowerPoint, Android Studio | 3 |

| | | | | |
|---|---|---|---|---|
| LONG EXAM | **Week 5**<br><br>Sept 16-21 | • Gospel Reading, Reflection and Prayer discussion<br><br>• Enabling Assessment: 30 – Item Laboratory Exam about basic android controls. | Schoolbook, PowerPoint, Android Studio | 3 |
| Module 3<br><br>CLO2<br><br>TLO3<br>TLO4<br>TLO5 | **Week 6**<br><br>Sept 23 - 28 | • Gospel Reading, Reflection and Prayer<br><br>• Discussion of **Module 3: Introduction to UI / UX with multiple View**<br><br>• Enabling Assessment: A 20-item Laboratory Activity using android different views.) | Schoolbook, PowerPoint, Android Studio | 3 |
| | **Week 7**<br>Sept 30 – Oct 5 | • Gospel Reading, Reflection, and Prayer<br><br>• Completion Week<br><br>• Consultation Week | Schoolbook, PowerPoint, Android Studio | 3 |
| Midterm Exam | **Week 8**<br>Oct 7-12 | • Gospel Reading, Reflection, and Prayer<br><br>• Midterm Summative Assessment on Modules 1-3 | | 3 |
| **TOTAL** | | | | 24 |

**Learning Outcomes for Final Period**

| Course Learning Outcomes | Topic Learning Outcomes |
|---|---|
| CLO4. Design and manage mobile applications using Model, View and Control. | TLO8. Discuss the principle of Model, View and Control in mobile application<br><br>TLO9. Discuss advance android controls.<br>TLO10. Introduction to SQLite |
| CLO5. Develop and deploy complete mobile application using both emulator and real android devices for pilot testing. | TLO11. Implementing SQL commands.<br><br>TLO12. Implementing Online database in mobile application. |
| CLO6. Demonstrate 21st century skills in all learning activities. | *Collaboration, Skilled Communication, Knowledge Construction, Self- Regulation, Real-world Problem-Solving, Use of ICT (not part of topic, but integrated in assessments)* |

| **Module No and Learning Outcomes** | **Date** | **Teaching-Learning Activities /Assessment Strategy** | **Technology Enabler** | **Allotted Hours** |
|---|---|---|---|---|
| Module 4<br><br>CLO4<br><br>TLO8<br>TLO9<br>TLO10 | **Week 10**<br>Oct 21-26 | • Gospel Reading, Reflection and Prayer<br><br>• Distribution of Midterm Grades<br><br>• Enabling Assessment (Research work on UI/UX in mobile application – by pair) | Schoolbook, PowerPoint, Android Studio | 3 |
| | **Week 11**<br><br>Oct 28 – Nov 2 | ***Independent Learning Week*** | | |
| Module 4 | **Week 12**<br><br>Nov 4 - 9 | • Gospel Reading, Reflection and Prayer | Schoolbook, PowerPoint, Android Studio | 3 |

| | | | | |
|---|---|---|---|---|
| CLO4<br><br>TLO8<br>TLO9<br>TLO10 | | • Discussion of **Module 4: Introduction to SQLite**<br><br>• Enabling Assessment: Hands-on on Implementing SQLite in mobile Application | | |
| Module 4<br><br>CLO4<br><br>TLO8<br>TLO9<br>TLO10 | **Week 13**<br><br>Nov 11 - 16 | • Gospel Reading, Reflection and Prayer<br><br>• Enabling Assessment: Hands-on on Implementing SQLite in mobile Application | Schoolbook, PowerPoint, Android Studio | 3 |
| Module 5<br><br>CLO5<br><br>TLO11<br>TLO12 | **Week 14**<br><br>Nov 18 - 23 | • Gospel Reading, Reflection and Prayer<br><br>• Discussion of **Module 5: Advance Controls**<br><br>• Enabling Assessment: Hands-on on Implementing Advance Controls | Schoolbook, PowerPoint, Android Studio | 3 |
| Module 6<br><br>CLO5<br>CLO6<br><br>TLO11<br>TLO12 | **Week 15**<br><br>Nov 25-30 | • Gospel Reading, Reflection and Prayer<br><br>• Discussion of **Module 6: Using online database**<br><br>Enabling Assessment: Case Study on Implementing Online database in mobile application | Schoolbook, PowerPoint, Android Studio | 3 |
| | **Week 16**<br><br>Dec 2-7 | • Gospel Reading, Reflection and Prayer<br><br>• Completion Week<br><br>• Consultation Week | | 3 |

| | | | |
|---|---|---|---|
| | **Week 17**<br><br>Dec 9-14 | • Gospel Reading, Reflection, and Prayer<br><br>• Final Term Summative Assessment on Module 4-6 | 3 |
| **TOTAL** | | | **24** |

**GRADING SYSTEM:**

| **Midterm** | **%** | **Final** | **%** |
|---|---|---|---|
| Enabling Assessment | 40% | Enabling Assessment | 40% |
| Summative Assessment (Midterm Examination) | 60% | Summative Assessment (Final Examination) | 60% |
| | 100% | | 100% |

**FINAL GRADE =** $\frac{\text{Midterm Grade + Final Grade}}{2}$

**COURSE POLICIES AND REQUIREMENTS:**

1. This course follows the Onsite Learning Mode. All activities will be done in the laboratory classroom and field.

2. Enrollment in an E-Class. The Center for Innovative Learning Programs (CILP) shall enroll you in the e-class. This will be based on the class list provided by the Office of the University Registrar.

3. Laboratory Policies
   a. Students must be honest at all times; cheating and plagiarism in any form will merit a grade of 0.00.
   b. Cellular/Mobile phones should always be in silent mode during class hours; the use of cellular phones is prohibited in class unless a special permission is sought. Cellular phones also cannot be used as calculator during examination.
   d. Any complaints against the teacher or against classmates should be properly addressed to the subject teacher for appropriate action. Students may seek the help and guidance of their academic/registration adviser in resolving the issue with the subject teacher when such mediation is needed.

4. Communication and Feedback
   a. Online Asynchronous Communication shall happen when the faculty utilizes at least one of the recommended asynchronous communications. The minimum response time for asynchronous communication is 48 hours, excluding Sundays and holidays. All communication platforms must be explicitly indicated in the syllabus. Below are the recommended asynchronous communication platforms:
      i. Forum – at the Forum Tab at Schoolbook, students can post their general concerns. The forum is public, and any post can be seen by the class.

ii. Messaging – at Schoolbook. Any private or confidential matters may be messaged through Schoolbook messaging feature.

iii. Email – you may email your professor. (Professor's email will be given during the course orientation)

b. No use of foul, curse, and other bad words, whether in written or verbal. No shouting. No flooding of chat and messages. No selling.

5. Attendance Policy
   a. Attendance Policy for Onsite Classes is scheduled based on the learning plan.
   b. The onsite meeting will only be held at the schedule indicated in the registration form.
   c. Students are required to attend onsite classes, 40% of absence (from onsite classes) for the entire semester means 0.0 final grade.

6. Intellectual Property Policy
   a. Policy and copyright infringement will not be tolerated. Any violation of such will earn students a grade of zero in the assessment.
   b. Using any illegally obtained software is strictly prohibited.
   c. Students are encouraged to use their original photos, videos, and other resources. Otherwise, students can use royalty-free resources or embed the sources in their submissions to avoid copyright infringement and/or plagiarism.
   d. Giving of password to Schoolbook and Office 365 is strictly prohibited. Likewise, accessing Schoolbook and Office 365 account other than the students' personal account is also strictly prohibited. Violating students will be reported to the Student Welfare and Formation Office (SWAFO).

7. Other Policies
   a. Attire - students must wear decent casual or smart-casual attire prescribed by the Student Handbook.
